

CLARITY[®]
Professional

Hear clearly.

The Clarity Professional[®] C4230[™]

- Digital Clarity Power[™] and 50 dB of amplification
- Four (4) tone settings for personalized listening
- Dual speakerphones and digital answering machine

The C4230[™] uses DCP[™] technology and 50 decibels of intelligent amplification to make conversations louder and clearer. Featuring dual speakerphones and a digital answering machine, the C4230[™] is a feature-rich solution for those with a moderate-to-severe hearing loss or low vision.

Hear clearly.

CLARITY
Professional

The Clarity Professional® C4230™

5.8GHz Cordless Amplified Phone with Digital Clarity Power™

Inspired Design Meets Unparalleled Sound Quality

- Bright visual ringer flashes to signal incoming calls
- Concave earpiece creates an acoustic chamber to provide crystal clear sound
- Digital Clarity Power™ and 50 decibels of intelligent amplification make calls louder, clearer and easier to understand
- Four (4) tone settings provide a customized listening experience
- High contrast white LED screen is bright and easy to read
- Contoured handset shape is comfortable and easy to hold
- Generously spaced backlit buttons make dialing easy
