

Hear Clearly with *EzPro*, the World's First Line Powered Professional Amplified Phone

Don't let hearing loss compromise your independence! Let the **EzPro** telephone help you with your special hearing needs. Advanced amplified sound technology can be easy, reliable, and green.

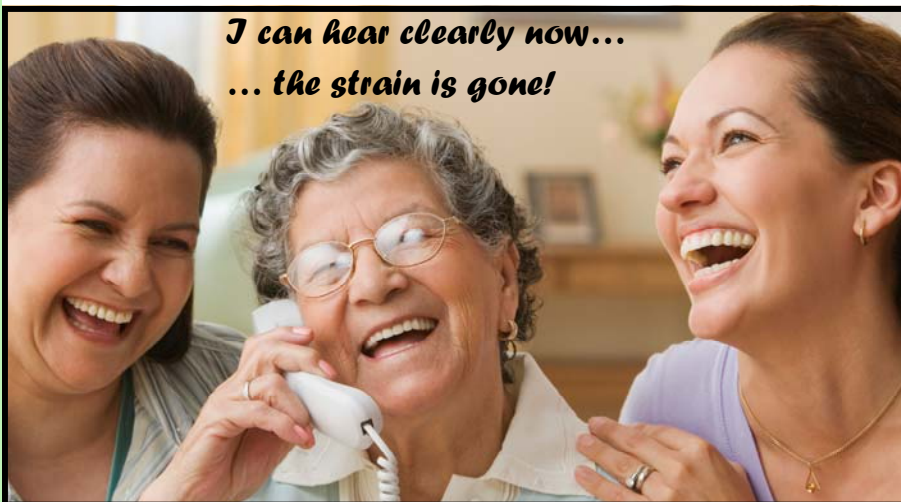

It's easy to place. *EzPro* can be easily set up for wall, desk or bedside use.

It's easy to use. Just connect pre-assembled *EzPro* to a wall jack with a line cord and you are ready to talk.

It's professional. *EzPro* uses a sophisticated frequency-based approach to give you clear, comfortable amplification only where it's most helpful. No distortion, echoes, or squeaking.

It's reliable. Even during a power outage, *EzPro* delivers the same, consistent amplification so you'll never be left out of touch.

It's green. Because *EzPro* doesn't rely on AC adapters or extra batteries, that means less worry for you and the environment.
