

Serene Innovations HD-30P Amplified Phone

This ALL NEW HD-30P features easy to use photo memory buttons and Serene's proprietary HD (High Definition) SoundTechnology for un-matched voice clarity, making every word vividly clear and easy to understand without any distortion, echo or squealing sounds commonly found in other amplified phones. With 30dB of amplification, this telephone line powered HD-30P (no AC adapter is required) is ideal for people with mild to moderate hearing loss and for those who were not satisfied with other ordinary amplified phone.

Features

- HD (High Definition) SoundTechnology for far superior and un-matched clarity
- Amplifies incoming sound up to 30 dB
- DigitalTone Contol enhances selectable speech frequencies to perfectly match your hearing, making difficult to hear words intelligible and easy to understand again
- Latest Noise Reduction Technology eliminates virtually all distortion, echo effects and unwanted static commonly found in other amplified phones
- 9 large and easy to set up photo memory buttons for quick one touch dialing
- Powered by the telephone line, no AC adapter is required
- Bright visual ring flasher
- 90+dB super loud ringer with adjustable volume and tone
- 3.5 mm neckloop jack
- Hearing aid compatible
- One year warranty
